Acumatica
The Cloud ERP

ACUMATICA CLOUD

ACCESS YOUR ERP ANYTIME FROM ANY DEVICE, EASILY SCALE RESOURCES, AND CHOOSE YOUR DEPLOYMENT OPTION

For many small and midsize businesses, choosing software as a service (SaaS) offers the benefits of an enterprise-class solution without the enterprise IT budget. With the Acumatica Cloud, you can access your ERP anytime, anywhere, from a web browser on any Internet-connected device. You can pay as you go, and easily scale resources up or down based on growth or changing business needs.

We understand that our customers have unique requirements when it comes to deploying cloud-based software. That's why we offer the same Acumatica product in both public and private cloud deployments, with the ability to easily switch between.

KEY FEATURES

- **Security.** Acumatica's built-in security features are designed to get you to the cloud safely. Acumatica keeps your data highly protected using SSL encryption, role-based security policies, IP address control over logins, intruder detection and lockout, and other robust security features.

- **Access.** With our built-in automated backup and backup access service, you can access your data whenever you like. In case of a disaster or unforeseen emergency, Acumatica can restore data quickly, even in alternate geographic zones.

- **Performance.** The Acumatica Cloud is designed to deliver and keep up with the most demanding, high-volume businesses, handling thousands of transactions per hour.

- **Flexibility.** The Acumatica Cloud's multi-tenant technology generates cost savings that we pass on to you. We also give every customer a dedicated instance so you can schedule your upgrades when you are ready.

- **Choices.** Choose between purchase or monthly subscription, and between in-house or cloud hosting.

- **Support.** Sold only through business partners worldwide, you're guaranteed a local partner who meets you in person and understands your needs firsthand. A local partner can best meet your needs in support, flexibility, customization, and reliability.

- **Customizable.** Every user can set their preferences in the user interface and tailor their own personalized dashboards and self-service BI business intelligence standard. Role-based permissions allow access to whole applications or specific fields only, depending on the role of the user.

KEY BENEFITS

WORK THE WAY YOU WANT

- Use Acumatica's robust platform to perform sophisticated customizations, even in a SaaS environment

GET THE PERFORMANCE YOU NEED

- Meet the most demanding standards of your high-volume business
- Give your employees anytime, anywhere access, from any device

REMOVE OBSTACLES TO BUSINESS GROWTH

- Add unlimited users at the same price
- Grow your business without adding to your IT budget
- Get the latest updates at no additional cost

REDUCE COSTS

- Avoid upfront costs for all computing infrastructure such as hardware and data servers
- Eliminate upfront software licenses by using a monthly subscription model
- Shrink IT maintenance and support costs since Acumatica handles hardware and software updates and upgrades

8 QUESTIONS TO ASK WHEN CHOOSING A SAAS VENDOR

1

Will it deliver the performance I need?
The Acumatica Cloud uses the latest technology and infrastructure to drive performance capable of handling thousands of transactions per hour with incredible speed and minimal hardware.

2

Will it scale?
As your business grows, the Acumatica Cloud grows with it. With the option to upgrade resources and run multiple application servers simultaneously, you can keep up with the demands of your business.

3

Is it secure?
The Acumatica Cloud meets the highest levels of physical and software security. With Acumatica you are in full control of where your data is kept and processed, and over who has access to maintain and use your system. All data is stored separately for each customer. Acumatica uses the same encryption technology used by banks to ensure no one can access sensitive data.

4

What is the system availability?
The Acumatica Cloud is designed to keep you up and running at all times, and we back this promise with guaranteed uptime SLAs.

5

What if I lose my data? How can I recover it?
The implications of losing your business data can be catastrophic. The Acumatica Cloud's database snapshot feature enables point-in-time recovery of your database instance, so you can rest assured knowing your data can be restored at any time.

6

Is my data backed up and easy to access?
The Acumatica Cloud comes with a built-in automated backup that allows you to download your data at any time and store it in a location of your choice.

7

Can I minimize upfront cost?
There are no hardware or upfront software costs when you deploy through the Acumatica Cloud. You can save on upfront investments and use your capital to grow your business.

8

Will I save on IT?
With no additional IT staff required to manage your Acumatica solution, you can put those extra IT dollars back in your budget.

Contact Acumatica today to learn more about the Acumatica Cloud, or to connect with one of our business partners in your local area.

THE ACUMATICA ERP DIFFERENCE

Acumatica delivers a full suite of integrated business management applications unlike any other ERP solution on the market today.

STREAMLINE OPERATIONS
Manage your business more efficiently:
- Automate processes
- Control workflows
- Access the system from anywhere on any device—including mobile
- Promote collaboration with all-inclusive user licensing

ADAPTABLE SOLUTION
Add and extend:
- Deploy in-house or in a private or public cloud
- Easily configure your solution to fit your needs
- Add capabilities such as CRM or data visualization at any time
- Extend to other solutions and applications beyond ERP

YOUR BUSINESS ACCELERATED
Get a single version of the truth:
- Accelerate business performance and make smarter decisions with automated processes, real-time data collection, financial analyses, and forecasting
- No per user pricing – system scales as your business grows
